This report looks at group engagement and retention factors.

It is useful for understanding organizational culture and formulating strategies to develop engagement at an organizational level.

Since engagement is primarily an individual issue it is highly recommended that you also use the individual Engagement & Retention Analysis report which can also include individual fulfillment scores.

The sections below include:

- dark blue bars are the average group score for Employee Expectations
- light blue bars are the average group score for supporting behaviors needed to fulfill the expectation(s) above
- at the bottom of each narrative page are the distribution of each trait score
